ne night a Tooth Fairy...

appeared in the bedroom of young **JAMES WESTHORNE**, who recently lost his first tooth.

Jut spoiled James
just shook his head.
"So what if they are!
They can't have it and nothing can change my mind!"

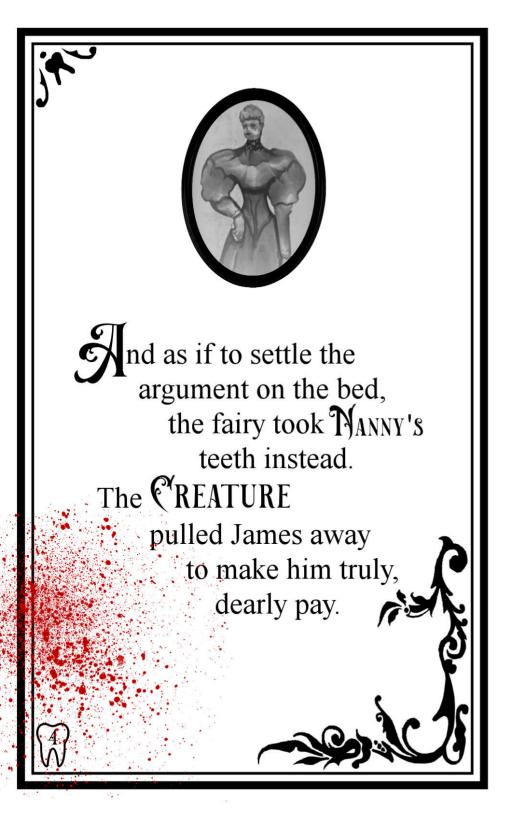

"But they'll hurt us and take you away. You'll be doomed to live forever as a cursed

MONSTER!"

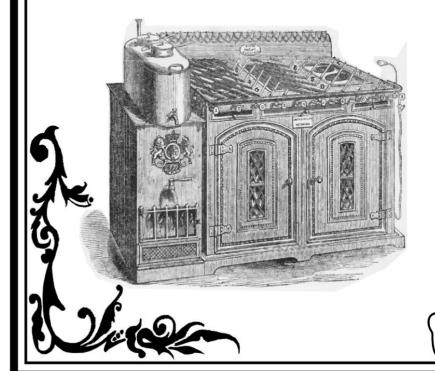

"I don't care and
I don't believe you.
I don't believe in
FAIRIES!"

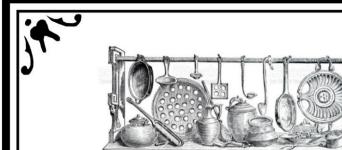

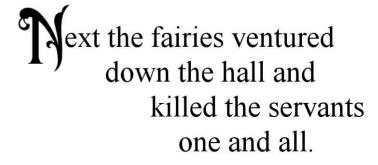

he 600K was stripped of all her teeth, a sweet treat you may bet. The fairies are fighting to rip them out, in one complete set.

nly the SUTLER
was chosen to prove
the point that children
mustn't forget.

Though JAMES now was changing, shifting you see.
His fate was more than set.

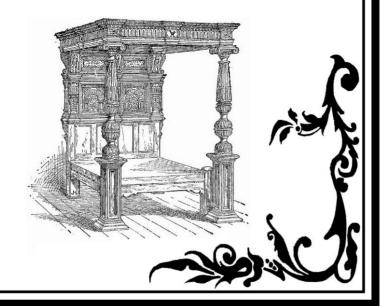

JAMES would scream, and cry, and kick, and then begin to look rather sick.

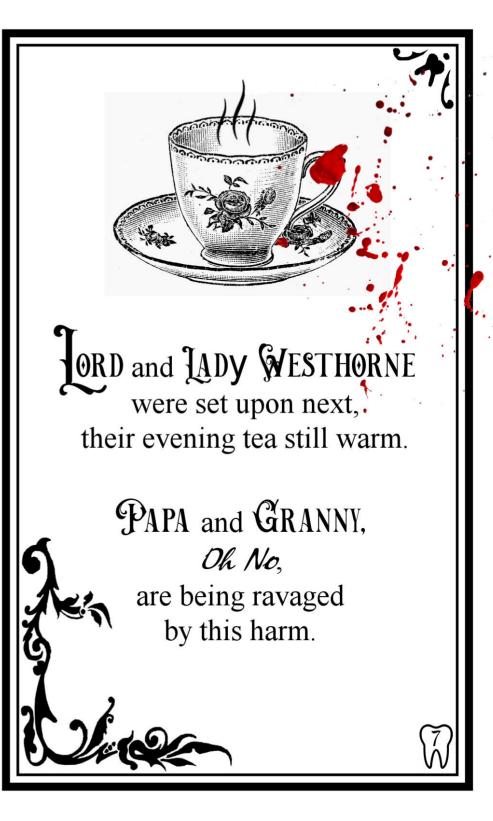

he fairies then visited
MOTHER and JATHER
and gave them a
lesson to learn.

JAMES had to LOOK, had to SEE, had to HEAR, what trouble he had earned.
